DATA SHEET

DPA-300Q | Class D Power Amplifier

The new InterM DPA300Q is a Four channel (4 x 300W) 100v Line Class D Power Amplifier for professional PA, VA and background music. The DPA series is a high quality commercial amplifier that can reproduce crisp, detailed sound without noise with high S/N of over 100dB and low THD of less than 0.1%. Therefore, it is very suitable for BGM playback.

The new DPA Class-D Amplifier range is available in 1, 2, and 3 channel versions, with power output options of 600W, 900W and 1200W per channel.
