IP-1015CS | 15W IP Ceiling Speaker

The Inter M IP-1015CS Network Ceiling Speaker makes audio smart and easy, and opens up a range of new possibilities. These audio-over-IP speakers are ideal for background music and for live and scheduled public announcements, class and shift change tones and audioadvertising.

The IP-1015CS is an all-in-one speaker system with a built-in class D amplifier. The Inter M IP-1015CS connects to your existing IP network and is powered over a single Power over Ethernet cable.
